MESSAGE FROM THE CEO

I am pleased to share our plans with you for our Term 4 programs. We are continuing to focus on innovation, safety, and inclusiveness – constantly improving our wide range of quality programs to ensure they remain affordable, accessible, to all as well as safe and convenient.

This term, we will continue with Stage 2 of our phased plan for training operations during Covid-19. Read more about our plan for a staged return and our Covid-safe guidelines at www.macquarie.nsw.edu.au/s/pdfs/covidsafe.pdf.

Stage 2 (Term 4 - October, November, December): Online and face-to-face learning options

With the dedication of our staff and the support of our students, we have very successfully implemented a huge shift since March 2020 to delivering hundreds of online learning sessions via Zoom. We have also found a way since July (Term 3) to bring back some of our face-to-face teaching.

Term 4 will see more innovation and ongoing adaptation to our “new normal” as we strive to provide learning opportunities that meet the needs of individuals, organisations and communities.

70 years of service to our communities of learners

The Eastwood Evening College opened its doors in late June 1950. With a commitment to serving the community, an experienced and talented team from the Department of Education created Eastwood Evening College – one of the first to open to enthusiastic local, adult learners seeking to gain skills and knowledge.

The long-term legacy of those dedicated educators lives on. An independent not-for-profit since 1988, MCC extends its reach as a community education provider from 5 campuses across northwestern and western Sydney. Our highly regarded and large range of short courses and full qualifications provide learning and employment pathways for students from all backgrounds and engages us in collaboration with government and other like-minded community organisations and employers.

Seventy years later Macquarie Community College has grown, transformed and adapted its programs and services, and as we have shown in 2020, remains nimble and agile and ready to face any challenge. We look forward to the next 70 years of service.

Stay in touch for updates

As we have all discovered, things change rapidly in these challenging times. Our response and planning can be impacted by decisions by government and other unexpected events beyond our control. However, we aim to provide you with as much certainty as possible in the lead up to the commencement of your Term 4 courses.

COVID-SAFE PLAN

Our Covid Safe Plan has always been guided by these key principles:

Your health and wellbeing
– the practicing of social distancing, daily and thorough cleaning, and other health measures to prevent and avoid the spread of Covid-19.

Following advice and direction of State and Federal authorities and experts.

Our Purpose and Values
– Keeping the needs of disadvantaged, vulnerable and high-risk groups foremost in our considerations.

Learning from experience
– Staged changes based on continuing with what's working well and striving to see what more we can do.

As we commence a phased return to face to face classes in Stage 2, all students, staff and visitors accessing our campus and other venues must follow our Covid-19 infection control and building access procedures. These measures have been successfully implemented for some months already.

- social distancing within training rooms and in common areas;
- scheduled class attendance only and individuals by appointment (no drop-ins);
- limits on the numbers of people in any given classroom or daily total in one building;
- strict hand and cough hygiene;
- no attendance allowed for anyone feeling unwell or experiencing any COVID-19 related symptoms;
- no sharing of food, cutlery, crockery, utensils;
- no attendance allowed for anyone recently returned from overseas or a Covid-19 hotspot who has been told to self-isolate.

Our College campuses have multilingual Covid-19 signage, availability of hand sanitiser, soap and cleaning products, as well as daily cleaning of surfaces, and Covid-safe room set-up practices in place.
