JOB READY COMPUTER TRAINING

Let us help you get the job you want with our range of accredited courses for basic to intermediate level computer users.

Our courses are designed to build confidence in using a computer whilst developing new social and employment opportunities.

Basic Computer Skills for Work & Study

A great course for beginners! Develop your skills in using a computer and other digital devices. You will learn how to use email, the internet and Microsoft Office applications (including Word and Excel).

Intermediate Computer Skills for Work & Study

ICT20120 Certificate II in Applied Digital Technologies

Build on your current computer skills! You will learn how to develop official documentation, eye-catching presentations, functional spreadsheets and detailed schedules. This is a great pathway to helping you gain employment or access to further vocational study.

Need help to determine which skill level you are at? Call us today **1300 845 888**

*This training is subsidised by the NSW Government. Eligibility criteria apply.

AN INTRODUCTION TO MEDITATION

Mindfulness meditation can help to rebalance the body, mind and soul after a long period of stress, fear and anxiety. **An ancient technique called "Grounding" utilises the five senses of: SIGHT, SOUND, SCENT, TOUCH AND TASTE** to help you become more empowered in the present moment, reduce worry and respond to challenges in a more positive way.

Mindfulness is a particularly useful technique if you are working from home and your day is filled with distractions, diversions and disruptions, as it can effortlessly slide into your daily routine making it an achievable and enjoyable practise.

Read more about Meditation and participate in a 3 min Grounding exercise at <https://blog.macquarie.nsw.edu.au/grounding-an-introduction-to-meditation>

Foreign Languages

Finding your level

Foreign Languages

We have simplified the structure of our foreign language courses. This has been done based on feedback from tutors and students and with the aim of offering a more regular and consistent offering across each language and location. The previously offered 10 levels have been restricted to 4 levels – Introduction, Beginners, Intermediate and Advanced.

The introduction courses are designed as a one course only starting point for new students, but the other levels allow for students to continue until they reach the required competency to progress. The time to develop this competency will vary between students but as a guide 2 to 4 terms is often required. Continuing students should discuss with the tutor when they are ready to progress to the next level and new students with a prior background in the

language should contact the college to be assessed and placed into the correct class.

Introduction (previously Level 1)

This level is for students with little or no experience in the language. Classes will be conducted in English and students will learn greetings, basic vocabulary and some simple aspects of conversation. These courses will suit students starting out in the study of the language or just looking for some basics of the language for travel, work or social situations.

Beginners (previously Levels 2 and 3)

This level will provide the next step for students that have completed the Introduction course or have a basic knowledge of the language from previous study, travel or other exposure. Classes will be conducted in English but some basic conversations

in the chosen language will be introduced.

Intermediate (previously Levels 4 and 5)

Students should have the capacity to conduct a simple conversation using basic language. This may have been obtained through the completion of the Beginners level or other study. Classes will increasingly be delivered in the language being learnt and focus will be on more complex vocabulary, grammar, reading and writing.

Advanced (previously Level 6 and above)

Courses at this level are largely conducted in the chosen language. Students should be capable of holding a simple conversation or follow a conversation between fluent speakers. A basic understanding of reading, writing and grammar will be further developed at this level.
