Student Success Stories

Learning for Life: Journey of Confidence, Growth and English

When Jin Kyung Choo (preferred name Jo) first arrived in Australia from South Korea over 20 years ago, she brought with her a pair of scissors, a bright smile, and a dream.

Between raising her family and working hard in the salon, Jo didn't have much time to study English. But she never let go of the dream.

”*“I always told myself, ‘one day I will learn more,’” she says. “Well, that one day finally came — about 20 years later!”*

An Award-Winning Story of Learning and Perseverance

Jo's inspiring journey touched the hearts of our tutors when she shared it in her piece “Learning for Life: Why I Keep Going,” which won First Place in the 2025 MCC Writing Competition.

Last year, Jo enrolled in a Certificate IV in Disability Support course at Macquarie Community College's Blacktown campus, taught by Jodi Crozier.

”*“It wasn't easy because English is my second language,” Jo recalls. “Sometimes I wanted to give up because I couldn't understand everything. But Jodi was amazing – very kind and patient. I couldn't have finished without her encouragement.”*

Continuing the Journey: Learning English at MCC

Today, Jo is studying Advanced English at MCC's Epping campus with teacher Tracy Li.

”*“She explains everything clearly and patiently,” Jo says. “Every week I learn new words, practice speaking, and improve my grammar. Good English helps me in life, at work, and even when I watch Netflix without subtitles!”*

For Jo, learning English has been life-changing.

”*“When I started hairdressing in Sydney, I couldn't understand what clients wanted – I just smiled a lot! Now I can communicate better, and my clients feel confident knowing I won't give them a mullet by mistake,” she laughs.*

The Joy of English Learning

As Jo puts it, “When I was young, learning was for exams or finding work. Now, learning is for me. It makes me happy, keeps my brain active, and stops me from watching too much K-drama!”

She has found a welcoming community at MCC: “I've met lovely people in my class. We talk, laugh, and help each other. Everyone is different, but we all share one goal — to learn and grow.”

Jo now plans to continue exploring new courses – from computers to cooking, even painting. “There's no end to learning,” she says. “It keeps life interesting and makes me feel more connected.”

Tutor Spotlight

Elizabeth's Journey

Business, Computer & Hospitality Training for Confidence and Careers

At Macquarie Community College (MCC), our trainers do more than just teach, they help people transform their lives through skills, support, and belonging. One of those inspiring educators is Elizabeth Smyth, our Lead Trainer in Business and Hospitality, whose passion for people and practical learning is making a lasting impact.

For Elizabeth, Macquarie Community College isn't just a workplace – it's home.

"MCC has been and will be my favourite workplace in all my years!" she says. "The community, the people, and the students all contribute to this."

What gets her out of bed every morning?

"I look forward to being around my team and colleagues. We enjoy our days and working together — coming to work is fun!"

The Business and Hospitality courses are designed to do more than teach job-ready skills. They're about helping students build confidence, form friendships, and see a future full of possibilities.

"I hope every student walks away feeling welcomed and encouraged – and with new skills that help them move forward," she shares.

"I get great reward when someone feels encouraged and welcomed into our community," she says.

Creating Real-World Learning Experiences

Elizabeth has been part of many memorable moments during her time at MCC – but a few stand out. One of her favourite memories is a Christmas dinner her class hosted at Mount Druitt, creating a special day for the local community. Another highlight was leading a "Ready Steady Cook" session during Adult Learners Week – combining fun, food, and learning.

These experiences reflect what makes MCC unique, according to Elizabeth.

"We're focused on community, we work in a fabulous environment, and we're committed to doing the best by our students," she says. "We also provide that extra support when it's needed most."

With smaller class sizes and a caring approach, MCC's hospitality and business training is hands-on, flexible, and built for adult learners of all backgrounds. Whether you're returning to study or preparing for work, our courses are designed to meet you where you are — and help you grow.

Foreign Languages

We have simplified the structure of our foreign language courses. This has been done based on feedback from tutors and students and with the aim of offering a more regular and consistent offering across each language and location. The previously offered 10 levels have been restricted to 4 levels – Introduction, Beginners, Intermediate and Advanced.

The introduction courses are designed as a one course only starting point for new students, but the other levels allow for students to continue until they reach the required competency to progress. The time to develop this competency will vary between students but as a guide 2 to 4 terms is often required. Continuing students should discuss with the tutor when they are ready to progress to the next level and new students with a prior background in the

language should contact the college to be assessed and placed into the correct class.

Introduction (previously Level 1)

This level is for students with little or no experience in the language. Classes will be conducted in English and students will learn greetings, basic vocabulary and some simple aspects of conversation. These courses will suit students starting out in the study of the language or just looking for some basics of the language for travel, work or social situations.

Beginners (previously Levels 2 and 3)

This level will provide the next step for students that have completed the Introduction course or have a basic knowledge of the language from previous study, travel or other exposure. Classes will be conducted in English but some basic conversations

in the chosen language will be introduced.

Intermediate (previously Levels 4 and 5)

Students should have the capacity to conduct a simple conversation using basic language. This may have been obtained through the completion of the Beginners level or other study. Classes will increasingly be delivered in the language being learnt and focus will be on more complex vocabulary, grammar, reading and writing.

Advanced (previously Level 6 and above)

Courses at this level are largely conducted in the chosen language. Students should be capable of holding a simple conversation or follow a conversation between fluent speakers. A basic understanding of reading, writing and grammar will be further developed at this level.
